DISAVOWAL: The customer acknowledges and understands that after delivery, the goods will have left the control of Rigifoam (Pty) Ltd, and that the customer will be responsible for the unpacking of and connection/installation of the goods. The customer acknowledges that it is his/her further responsibility to ensure that a fully qualified and competent person is used to install the goods to ensure their effective operation. Failure by the customer to ensure the installation of the goods, according to the written instructions of the manufacturer and/or supplier, by a fully qualified and competent person, may result in the failure of the goods, injury, loss, or damages to the customer. Accordingly, and in this event, Rigifoam (Pty) Ltd accepts no responsibility for any loss or damages that might arise by reason of death or personal injury to any person engaged in the installation or use of the goods thereafter, subject to the provisions of the Consumer Protection Act 68 of 2008.

Our cementitious decorative screed system is applied seamlessly to almost any substrate. The range of colour options, veratility and durable finish make it ideal for most commercial and residential spaces.

**WALL AND
FLOOR SYSTEM**

DECORATIVE WALL AND FLOOR SYSTEM

The new range of wall and flooring, brought to you by NuCote™, has been designed to bring out the many virtues of concrete as a decorative flooring and walling solution. Using cement as an alternative material can make some of the most elegant and colourful interiors you have ever seen. Durability, ease-of-maintenance, fast setting-time makes NuCote™ the preferred option for applicators and designers.
